ABOUT KALAS SPORTSWEAR

KALAS Sportswear является крупнейшим производителем и дистрибьютором велосипедной одежды не только в Чехии но в средней и северной Европе. Кроме велосипедной одежды изготавливаем также с индивидуальным дизайном на триатлон, ориентирование, легкая атлетика, хоккей, футбол и другие виды спорта.

Одевает тех наилучших

Джерси с логотипом KALAS одевают чемпионы мира и олимпийских игр, члены национальных команд, множество профессиональных команд и тысячи любителей велоспорта в более чем 20 странах мира. Производство велоформы на заказ пользуется все большей популярностью и самыми известными нашими клиентами являются Škoda Auto, ČEZ, Budějovický Budvar, Bosch, Hypoteční banka, ČSOB, Subaru ČR или Hewlett Packard.

Технология & ноу-хау

Мы единственные в Чехии, кто кроит материалы на специальном катре. Печать дизайна производится на плотере японской фирмы Mimaki i с использованием итальянских красок на швейцарскую сублимационную бумагу. При переносе напечатанного дизайна с бумаги на материал используется сублимационные итальянские станки Monti Antonio. Но даже самая наилучшая технология не может сравниться с золотыми руками наших швей, которые шьют одежду KALAS на нашей фабрике в городе Табор.

Мы всем сердцем за велоспорт

Хотя на KALAS Sportswear сегодня работает более 200 человек, все равно мы считаемся семейной фирмой и за все отвечаем своим именем. Безкомпромиссно придерживаемся качества продукции, велоформу шьем в Чехии из функциональных материалов с Италии и Швейцарии с использованием современной технологии.

Code: N50016-ML34

PRICE (excl. VAT): €34.50

MATERIAL: Devan

MATERIALS AND PADS

Devan

Weft-knitted polyester material with two-layer structure made from lightweight fabrics developed for functional cycle-wear.

Flanders

Very pleasant material used for long-sleeve insulated jerseys with the reverse side that is brushed.

Microfiber

This material is very breathable and at the same time provides reliable protection against wind and rain. Fashionable apparels in microfibres have graceful flow, silk-like feel and are extremely comfortable. Microfiber clothing is not sensitive, retaining its positive qualities after washing or cleaning.

Lycra

The Lycra fabrics offer stretch and recovery power designed to help any cyclist to move and perform at their best, while feeling comfortable. This textile material is a perfect combination of light-weight, breathability, close-fit, shape retention and freedom of movement.

Mavar

Developed for sports activities the functional Mavar fabric contains elastic fibres that ensure comfort and freedom of movement.

Athena DH

Fabric used mainly on caps and accessories. Good sweat ventilation.

SPEED MAN

Men's elastic pad of the ELASTICI INTERFACE TECHNOLOGY® series in three dimensional design. It guarantees a good level of protection and comfort.

Important features:

- anatomic three dimensional shape
- dual density construction guarantees good degree of protection and comfort
- newly developed elastic material - E.I.T. CUBE - incredibly soft with microfiber and polyester fibres for maximum breathability
- specially designed perineal area to preserve natural blood circulation and to protect the sciatic nerve
